Lesson-Sermon in CS Churches

The importance of spiritual mindedness and concentration in prayer, as contrasted with subtle or aggressive mental methods, is stressed in the lesson-sermon "Ancient and Modern Necromancy, alias Mesmerism and Hypnotism, Denounced" in Christian Science churches on Sunday.

The Golden Text is Paul's admonition to the Romans "Be not overcome of evil, but overcome evil with good."

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy, correlative statements ensue in "Animal magnetism has no scientific foundation, for God governs all that is real, harmonious, and eternal, and His power is neither animal nor human."

Insecurity Sunday Sermon Topic

Dr. Earl D. Barnum has chosen "Insecurity—Guidepost to Expansion" as his Sunday sermon topic.

A class in basic principals of Religious Science will be graduated in a special ceremony at which time they will receive diplomas, and be charged with their responsibilities to their faith. Frank Cowles will give a valedictory talk.

Inspiration hour is held each Wednesday at 10:30 a. m. in the classroom.

Luncheon will be held following the inspiration this week.
